Since 1999 he has taught dentists the use of these systems, applications of modern dental materials, and adhesive dentistry for the everyday dental practice.

~ Steve Rasner — 108th Annual Session, The Dental Showcase— Speaker

Speaker Bio: In 1981, Owens-Illinois, the 6th largest glass plant in the world, closed its doors. What followed was a domino effect of failed businesses, staggering unemployment and a devastatingly bleak economy. That was the year after Dr. Steven Rasner opened his practice in southern New Jersey. Sadly, 34 years later, this area has remained nationally ranked for its unemployment, poverty levels and absence of growth. During this same time period, Dr. Rasner has nurtured a private fee-for-service practice that commands fees in the top percentile in the nation. It grosses over 4.1 million per year on a four-day work week with a part-time associate and a substantial bottom line. The practice has been a leader in community civic duty and was awarded the Congressional Recognition Award in 2000.

Dr. Rasner has taught for seventeen years in 40 American states and 5 countries. He has received numerous speaking awards and been recognized in Dentistry Today’s Top Clinical Educators list for ten consecutive years. Dr. Rasner received a lifetime achievement award in 2011 from Excellence in Dentistry. He has authored 3 books and over 50 industry and journal publications.

He is also a past president of the Louisiana Dental Association and former editor of the Journal of the Louisiana Dental Association.

~ Thomas Schripsema — 108th Annual Session, The Dental Showcase— Speaker

Speaker Bio: Tom. Schripsema, DDS, NMDA Executive Director. Tom is a third-generation New Mexican. After graduating from Manzano High School, Tom attended Calvin College in Grand Rapids, MI, receiving a BA with a major in biology and significant coursework in chemistry and music. He continued doctoral studies at Creighton University in Omaha, NE graduating with a DDS in 1983. He has been in private practice here in Albuquerque for 34 years, which also included two years as a part-time civilian dentist at Kirtland Air Force Base clinic. He took over as Executive Director one year ago, but continues to keep his fingers wet on a part-time basis.

Dr. Schripsema is a past president of the New Mexico Dental Association and the New Mexico Academy of General Dentistry. He was vice-chairman of the American Dental Association’s Council on Dental Benefits Programs and served on the ADA Code Revision Committee for six years. He was a delegate or alternate delegate to the ADA for 20 years and served as the NMDA Government Affairs chair for 16 years. Tom has lectured around the country on subjects relating to dental benefits, coding and peer review. He also contributes to state and national dental periodicals and publications.

When not engaged in Dental Association business or fixing teeth, he performs regularly on french horn with the Albuquerque Concert Band, Concordia Santa Fe, the Brasso Profundo brass quintet and other community music groups.

~ Roy Shelburne — 108th Annual Session, The Dental Showcase— Speaker

Speaker Bio: Born in Pennington Gap, VA, I was "raised" on a farm in rural southwest Virginia. Growing up there I learned to love the people and the scenery of the Appalachian Mountains. The second of 4 boys born to a High School agriculture teacher and a registered nurse, working on the farm instilled the importance of hard work. I’m deeply thankful to my parents for the example they set for me. I graduated from Pennington High School in 1973, with honors, and was accepted and enrolled at the University of Virginia, Charlottesville the fall semester of that same year. I was a 1977 graduate of the University of Virginia with a double major in Biology and Religious Studies. I applied, was accepted to, and enrolled in the dental school at Virginia Commonwealth University and
graduated with honors in 1981, 5th of 115. I returned home in 1981 to start my new practice in my grandfather’s hardware store building.

Serving organized dentistry as a former Secretary/Treasurer and President of the southwest Virginia, Component 6, Virginia Dental Association I learned the importance of giving back to the profession. I was honored to be been made a delegate to the Virginia Dental Association’s Annual Meeting. I also learned the importance of volunteerism.... giving back to my community, state, and world as I had been so richly blessed. I have served for over 7 years with the various Mission of Mercy projects in Virginia and have been a member of a team of short term missionaries with the Baptist Medical Dental Missions International to Honduras, CA for 10 years. All this happened prior to the voluntary surrender of my dental license for revocation after the conviction and prior to sentencing.

~ Kyle Stanley — 108th Annual Session, The Dental Showcase— Speaker

**Speaker Bio:** Dr. Kyle Stanley graduated Magna Cum Laude from the Herman Ostrow School of Dentistry of USC and then went on to complete a dental implant residency along with a dental implant specialty in Florianopolis, Brazil. While at USC, Dr. Stanley completed an 18-month Esthetic Selective program with the world leader and “father” of minimally invasive Biomimetic dentistry, Dr. Pascal Magne, and was honored with the Charles L. Pincus Award for outstanding achievements in esthetic dentistry by the American Academy of Esthetic Dentistry.

In addition to Dr. Stanley’s clinical artistry, he is also a dedicated researcher who has been published in some of the top international dental journals about topics relating to esthetics, minimally invasive treatment, dental materials, dental implants, and surgery. Because of his research and expertise, Dr. Stanley has presented in the USA, Mexico, and Brazil and was a Stevens Institute for Innovation Most Innovative Research Nominee, California Dental Association Table Clinic; Clinical Science Winner, USC DDS Research Clinical Science Winner, USC Graduate and Professional Student Senate Poster Symposium Award Winner, and has even appeared on Smiletalk Radio as a special guest expert.
